REPORT OF COUNCIL,

To the Members, at the Annual General Meeting, Wednesday, February 28th, 1883.

I. SESSION 1881–82.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1883, being a decrease of 74 on that of the preceding Session. Of these Pupils, 1160 were Students in the College, and 723 Pupils in the School. Of the Students, 383 belonged to the Faculty of Medicine, 108 being new Students: in the Faculties of Arts and Laws and of Science there were 797 Students, 425 being new Students. The largest number of Boys in the School in any one Term was 600.

The Fees received (exclusive of those for Clinical Instruction) amounted to £33,050 6*s.* 6*d.*, being £1267 7*s.* less than in the Session 1880–81. This sum consists of the following items:—Fees for attendance on the Classes of the Faculty of Medicine, £8224 13*s.* 0*d.*; Fees for attendance on the Classes of the Faculties of Arts and Laws and of Science, £10,381 17*s.* 6*d.*; School Fees, £14,443 16*s.* 0*d.* The total payments to Professors, Teachers, and Masters amounted to £22,302 6*s.* 10*d.* In addition to the above-stated amounts, the sum of £3049 4*s.* 0*d.* was received for Clinical Instruction in the Hospital, making a total of £11,273 17*s.* 0*d.* paid by Students of the Faculty of Medicine in the Session.

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was awarded last year to J. H. Hooker, who gained the ninth place in the Honours Division.

At the June Matriculation Examination in the University of London in 1882, four places out of sixty-one in the Honours Division were gained by pupils of the School. The West Scholarship in English was awarded to one of the four, T. M. Neatby.

Sir Barrow Ellis has again offered a Prize of £5 for the encouragement of the study of Geography.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1877–78.....	638	666	669	658
1878–79.....	659	630	660	650
1879–80.....	667	657	664	662
1880–81.....	607	616	623	615
1881–82.....	600	599	587	595

In the first Term of the present Session the number was 568.

From the Tables in the Vice-Master's Report it appears that out of a total of 723 boys, 77 were entered in the Black Book last Session, the total number of entries being 103.

A list of distinctions lately obtained by former pupils of the School is placed at the end of the Report. This list is selected from a larger one compiled by the Vice-Master and prefixed to the "School Honour List."

Four Scholarships, giving free admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether they are already in the School or not.

The Annual Conference of Head Masters was held in the College on December 21st and 22nd.

About sixty Head Masters and about one hundred Assistant Masters, representing all the chief Schools in the country, were present.

II. GENERAL FINANCES.

The surplus of receipts over expenditure for the Session 1881-82 was £8 6*s.* 7*d.*

There was at the end of the Financial year a debt of £12,039 0*s.* 1*d.* on the extension of the North Wing, and there is a debt of £562 11*s.* 2*d.* on the last addition to the School Building erected in 1876.

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1883, have been as follows:—In the Faculty of Medicine, 327, of whom 70 are new Students; in the Faculties of Arts and Laws and of Science, 710, of whom 408 are new Students: in the School, in Michaelmas Term, 568, of whom 97 were new pupils; in the present Term, 575, 72 being new pupils.

The College Fees received to February 1st are £5997 12*s.* in the Faculty of Medicine, and £8430 19*s.* 6*d.* in the Faculties of Arts and Laws and of Science.

DEATHS OF MEMBERS OF THE CORPORATION.

The Council have heard with deep regret of the death of Professor Jevons, a former Student of the School and College. In 1864 he was elected a Fellow of the College, and he held the Professorship of Political Economy from 1875 to 1881. It is understood that a fund is being raised to establish a Scholarship or other memorial of him.

The Council also regret to announce the death of Mr. John Eltham Mylne, whose resignation of his seat on the Council was reported last year. They desire at the same time to express their sense of the loss the College has thus sustained, and their appreciation of Mr. Mylne's valuable services in promoting the higher education of women.

The deaths of the following other Members of the Corporation have been reported:—

Mr. Francis Harding Gell.
Right Hon. the Earl of Harrowby.
Mr. Philip Henry Howard.
Mr. David Mocatta.
Mr. James Morris.
Mr. John Sumpter.

PROFESSORSHIPS.

Mr. W. A. Hunter having resigned the Professorship of Jurisprudence, Mr. Frederick Pollock was appointed as his successor. Owing, however, to Professor Pollock's appointment to the Corpus Professorship of Jurisprudence at Oxford, he has found it necessary to resign his post in the College as from the end of the Session.

The Professorship of Constitutional Law and History has again become vacant through the death of Professor T. P. Taswell Langmead. The Rev. William Hunt has been appointed to undertake the duties of the Professorship for the present session.

Professor Kennedy having called attention to the special requirements of Students and the desirableness of developing the Engineering Department of the College, a Professorship of Civil Engineering and Surveying has been instituted, to which Mr. L. F. Vernon Harcourt has been appointed.

It has been determined to defer for two years the appointment to the Professorship of Sanskrit left vacant by the death of Professor Haas ; and in the meantime Mr. R. H. Gunion has accepted the office of Lecturer.

In consequence of the illness of Professor Church, the work of the Latin classes during the First and Second Terms has been undertaken by Professor Goodwin.

Mr. T. W. Rhys Davids has accepted the Professorship of Páli and Buddhist Literature.

Professor Sanderson has resigned his Professorship in consequence of his election as Waynflete Professor of Physiology in the University of Oxford. The vacancy thus created has been filled by the appointment of Mr. Edward Albert Schäfer, F.R.S.

At the suggestion of Professor Williamson, Mr. H. F. Morley has been authorized to deliver a course of advanced lectures on Organic Chemistry.

Mr. G. A. Ibbetson has resigned the Lectureship on Dental Surgery.

EXTENSION OF THE BUILDING.

The Council have much pleasure in announcing the receipt of £1000 from Mr. Francis Marcet as a further donation for the reduction of the building debt.

They have also to thank Miss Sharpe for a liberal contribution of £300.

At the same time it is necessary to remind the Members of the College Corporation that a sum of about £12,000 is still required on this account.

The Fund raised in the City by the Committee appointed for that purpose at the Mansion House Meeting on July 2nd, 1880, has been closed, the sum handed over to the College (after deducting expenses) amounting to £2653 8*s.* 6*d.* ; and the Council cordially acknowledge the services of Mr. Augustus Prevost and Mr. Jervoise Smith, the Joint-Treasurers of the Fund.

ENGINEERING DEPARTMENTS.

At the suggestion of Professor Kennedy, an engine specially designed for experimental purposes has been purchased and erected in the Engineering Laboratory, Sir Julian Goldsmid and Mr. Chance having contributed towards the expense.

The engine was constructed by Messrs. Bryan Donkin and Co., to whose liberality the College is indebted for obtaining it on favourable terms. Two gentlemen connected with this Firm are old students of the College.

INDIAN CIVIL SERVICE DEPARTMENT.

The attention of the Council has been directed to the necessity of providing special instruction for selected candidates for the Indian

Civil Service, many of whom have entered the College. Mr. R. H. Gunion has formed three Sanskrit Classes; and it is proposed to appoint lecturers on the vernacular languages of India and on Indian Law.

ELLEN WATSON MEMORIAL SCHOLARSHIP.

The Council have accepted a Fund raised by subscription in memory of the late Miss Ellen Watson, a former student of the College, who distinguished herself in Mathematics. The income of the Fund is to be used for providing a Scholarship for Students who display very marked merit in Applied Mathematics.

MUSICAL SOCIETY.

The Council have sanctioned the establishment of the University College Musical Society, consisting of Professors, Students and others connected with the College. The members meet for practice weekly from October to May.

Though the Society has been but a short time in existence, a considerable number of members have been enrolled.

BARLOW LECTURES.

Twelve Lectures on Dante's 'Divina Commedia' will be given after Easter by Professor Farinelli. The Lectures will be in Italian. They will be open to the public without payment or tickets.

THE LIBRARIES.

The principal donations of books during the past year were from the following:—Lords Commissioners of the Treasury and of the Admiralty, Secretary of State for India, Government of Ceylon, Geological Survey of Canada, Army Medical Department, Local Government Board, Trustees of the British Museum, Asiatic Society of Bengal, Societies of Antiquaries, of Arts, of Engineers, of Telegraph Engineers, Institutions of Civil Engineers, and of Engineers and Shipbuilders in Scotland, Iron and Steel Institute, Royal Institute of British Architects, the Allahabad Medical Society, the Obstetrical, Pathological, Pharmaceutical, and Royal Medical and Chirurgical Societies, the Browning, London Mathematical, New Shakspere, Philological, Physical, Royal Astronomical, Royal Cornwall Polytechnic, Royal Microscopical, Statistical, Manchester Statistical, and Zoological Societies, Cobden Club, Geologists' Association, Quekett Microscopical Club, Royal College of Surgeons, Royal Institution, Smithsonian Institution, Surgeon-General of the United States Army, Accademia dei Lincei, Professors Bund, Foxwell, Hewitt, Hill, Jevons, Kennedy, Marshall, Morley, G. C. Robertson, Smith, Thane, Walshe, and W. Wright, Drs. Bristowe and Gowers, Mrs. Clifford, Lady Goldsmid, Miss Sharpe, T. D. Bolton, G. S. Carr, Robinson Ellis, T. Ely, J. C. Graham, T. L. Mears, A. Prevost, J. F. Rotton, A. C. Tupp, and W. Whitaker, Esqrs., the Syndics of the Cambridge University Press, Messrs. A. Johnston, and Longmans and Co.

RESIDENCE OF STUDENTS.

Although University Hall and the other institutions for the residence of Students are not part of the College, or under the control of the Council, they may fitly be mentioned here.

University Hall, which adjoins the College and was originally

established to meet the requirements of College students, has recently been placed under new management, and provision has been made for a much larger number of residents. The applications for admission, however, have been far too numerous for the available accommodation.

A considerable proportion of the selected candidates for the Indian Civil Service are already in residence there, and it is expected that many more will wish to enter when the special teaching now being organized for such students in the College has been brought under the notice of the public.

Professor Morley has become the Principal of the Hall, and the Council feel sure that its usefulness, in connexion with the work of of the College, will be largely developed under his administration.

Two residences for Female Students have been opened in the neighbourhood of the College, the "Hall of Residence for Women Students" in Byng Place, Gordon Square, and a "Residence for Lady Students" at Russell House, Tavistock Square.

RACQUET COURT.

The original Society of University Hall having been dissolved, the custody and management of the Racquet and Fives Courts have (subject to the control of the Council) been committed to Professor Morley.

PEEL MEMORIAL FUND.

The income of this Fund in 1882 was expended in the purchase of books &c. presented to the College for Working Women, Fitzroy Street, London, the Thornton Mechanics Institute, the Llandilo Literary Institution, and the Working Men's Institute, St. Columb.

HOSPITAL.

The Committee of the Metropolitan Hospital Sunday Fund awarded to University College Hospital from their 1882 Collection £1012 10*s.*, being £202 10*s.* more than the sum received in the previous year.

The Committee of the Hospital Saturday Fund have also awarded to this Hospital from the 1882 Collection £134 8*s.* 4*d.*, an increase upon the grant of the previous year of £3 1*s.* 4*d.*

The title of Consulting Dental Surgeon to the Hospital has been conferred on Mr. G. A. Ibbetson, on his retirement from the office of Dental Surgeon.

Mr. Henry Maudsley, M.B., B.S., has been appointed Resident Medical Officer, in succession to Dr. Bond, whose term of office expired in June 1882; and Mr. V. A. H. Horsley, M.B., B.S., Surgical Registrar for twelve months, *vice* Mr. Stanley Boyd, appointed Assistant Surgeon to Charing Cross Hospital.

The Festival Dinner for 1882, as stated in the last Report, took place on the 15th February, when H.R.H. Field-Marshal the Duke of Cambridge took the Chair, and funds to the amount of £1560 were collected. Upon full consideration, it has been decided that it will be expedient to omit the usual Festival Dinner from the programme of this year. Under these circumstances the Treasurer and the Secretary will thankfully receive any Donations which may have been reserved for that occasion.
